SOUTHERN REGIONAL SCHOOL DISTRICT ATHLETIC PROGRAM GOALS

The Southern Regional High School District Board of Education endorses these goals to be achieved through the participation in the district's interscholastic athletic programs.

The Southern Regional Athletic Program should be an integral part of the total educational program, and all students should have an equal opportunity to become involved. Our program should be as extensive as the facilities, staff and finances can adequately support.

We believe:

1. Athletes should be required to maintain academic standards consistent with our eligibility policy.
2. Participation in athletics is a privilege, not a right.
3. Athletes must learn to abide by rules, regulations, and decisions associated with their particular sport. The coach has the responsibility to determine an athlete's ability and talent, who shall make the team, and the coaching techniques and strategies that will be employed.
4. There must be mutual respect for all who are involved in the competition – teammates, opponents, coaches, and officials.
5. Participation helps develop character, cooperation, and the moral and ethical values that lead to useful citizenship.
6. Participation teaches a student that discipline and self-sacrifice are necessary ingredients of teamwork.
7. Through participation, the student-athlete will develop a healthy body, sound mind, and an appreciation of individual differences.
8. Participation leads to a better understanding of ethics, sportsmanship, integrity, and fair play.
9. Valuable lessons are learned in the course of competition, both winning and losing. They help us grow up and develop.
10. The Board of Education, administration, members of the athletic staff, student-athletes, and parents should do everything within their power and ability to promote the athletic program and to create an atmosphere of learning that it is in the best interest of the students and the community.

Letter to Parents:

The role of the parent in the education of a youngster is important. The support shown in the home is often manifested in the ability of the student to accept the opportunities presented at school in the classroom and through co-curricular activities.

A student's involvement in the classroom and other activities contributes to the development of a value system which has been established in the home. Integrity, fairness and respect are lifetime values taught through athletics. These are the principles of good sportsmanship. With them, the spirit of competition thrives, fueled by honest rivalry, courteous relations and graceful acceptance of the results.

A good sport-student or parent is a true leader in the community. As a parent of a student at our school, your sportsmanship goals should include:

To realize that athletics are part of the educational experience and the benefits of involvement go beyond the final score of the game.

To encourage our students to perform their best just as you would urge them on with their class work.

To participate in positive cheers that encourage your student and to discourage any cheers that would redirect that focus-including those that taunt and intimidate opponents, their fans and officials.

To learn and understand the rules of the game, and to respect the officials who administer.

To respect the task our coaches face as teachers and to support them as they strive to educate our youth.

To respect our opponents and acknowledge their efforts and to develop a sense of dignity under all circumstances

To be a fan....not a fanatic!

You can have a major influence on your student's attitude about academics and athletics. The leadership role you assume in sportsmanship will influence your child for years to come.

We look forward to serving you in the year ahead, and appreciate your continued support.

STUDENT ATHLETE & ACTIVITIES DISCIPLINE PROCEDURE

Participation in athletic sports and all school activities in the Southern Regional High School District is a privilege which carries with it certain responsibilities. A student is a representative of the school and the entire community. There are certain basic standards expected of the participants in sports and activities programs at Southern Regional.

1. All students who represent Southern Regional in an activity or team are expected to conduct themselves in such a manner as to reflect credit upon Southern Regional.
2. All students must remember they are students of the school first and participants second. Participation in athletics and activities is a privilege granted to a student, not a right guaranteed to them.
3. Being a member of an activity or team does not entitle any student to any special privileges in the school. Rather, it may carry a burden of being a good school citizen in the face of peer pressure to become involved in some action which might violate school rules. Our athletes and participants are expected to set examples of good alcohol citizenship and cooperation which will reflect upon them as individuals and upon all our athletes and participants in general.
4. Students afforded these privileges must assume the responsibilities which accompany them at all times.

THE FOLLOWING BASIC RULES WILL APPLY TO ALL STUDENTS

Procedures and regulations are enacted in concert with normal school rules. In any case in which inconsistencies seem to be apparent, school rules will govern. Of course, enforcement and application of procedures, regulations, and rules may be modified by school authorities when reasonable and mitigating circumstances dictate.

- A. Any student participant in interscholastic or extra-curricular activities who is found to be under the influence of alcohol/drugs, steroids or is suspected of selling, transferring, or possessing same, at any time -- whether during a school-related or non-school-related activity--shall be subject to the following:

• First Violation

After confirmation of the first violation, the student shall lose eligibility for four (4) weeks for all inter-scholastic and extra-curricular activities. This includes sports practices, scrimmages, and inter-scholastic competitions. (This may run concurrently with suspension if invoked by regular school policy.)

• Second Violation

After confirmation of the second violation, the student shall lose eligibility for the remainder of the school year for all interscholastic and extra-curricular activities.

• Subsequent Violations

If there is a subsequent violation, the student will be permanently suspended from all extra-curricular and interscholastic activity.

- B. A Discipline Review Board shall meet to consider requests for reinstatement to athletic teams or activities in certain instances. Any student deemed guilty of alcohol or drug use by school or community authorities, must submit a written request to the Athletic Director's Office for review by the Discipline Review Board before resuming participation in athletics or activities at Southern Regional. In addition, any student who receives a suspension from regular school classes must also submit a written request to the Athletic Office for review by the Board. Athletes ejected from athletic contests or guilty of egregious displays of poor sportsmanship must also have a hearing before the Discipline Review Board.

- The purpose of the Review Board is to meet and determine if continuance in a sport or activity is in the best interest of the student and the activity. The Board may deny participation grant immediate participation, or permit participation with some conditions.
 - The Review Board will consist of a school administrator and three coaches or advisors. These persons will be selected by the Principal's Office or the Athletic Office. In the Middle School, the Assistant Principal will pick the members of the committee. When possible, the student's guidance counselor will be present to serve as a resource person or the committee.
 - This board will deal with all requests for reinstatement within 5 school days of the student's request. The request for reinstatement shall not be made until the student returns from suspension. When possible, parents of the student will be given advance notice of the hearing.
 - The Review Board hearing will consist of a history of the situation, and testimony from the student about the incident and expectations regarding his or her conduct in the future.
 - The Committee will convene privately and decide on reinstatement. The student will be told immediately of the decision, and written notification will be sent to both the student and his or her parents.
 - A written record of the hearing will be made and kept on file.
 - It is the student's responsibility to meet with the coach after the conclusion of the Review Board hearing.
- C. Once an athlete has begun participation in official practice sessions for a team, he has committed himself/herself as a member of that team. Any athlete who quits the team or is dismissed from the team for disciplinary reasons before the conclusion of the season, may not participate in any of the activities of any other sport until the season of his original team is over. In certain situations, this rule may be waived with the consent of all the coaches involved.
- D. When an athlete or student is issued equipment during the course of a season, it is his/her responsibility to return all of that equipment at the end of the activity. Any student who has not fulfilled all of his/her responsibilities in this area may not participate in any other sports or activity at Southern Regional until all prior obligations are satisfied. The Directors of Athletics will notify coaches of athletes who have financial obligations outstanding.
- E. All students are expected to maintain good habits of attendance and punctuality to school. Coaches and advisors will take steps to insure this of their athletes and participants. **Any athlete or participant who is absent from school may not participate in practice, games, or activities on that day unless permission has been secured from the Principal or his representative. In the event of an athletic contest on a non-school day, attendance in school on the day immediately prior to the event is required.**
- F. All students are expected to maintain good grades. Coaches and advisors should monitor grades throughout the year. Students should be encouraged to attend extra help sessions on the appropriate days.
- G. The coach of each team or activity may establish additional rules and procedures distinctive to that sport that team members are to follow. The coach or advisor may also establish disciplinary action for a breach in these rules and procedures.

- Copies of these rules will be on file in the office of the Directors of Athletics.
- All participants will receive a copy of these rules during the beginning of practice.

DRUG AND ALCOHOL PROCEDURE

1. At the beginning of each activity, students will receive a copy of the drug and alcohol guidelines and procedures which will be reviewed with them and their parents by an assigned professional staff member. Students and parents will be required to sign a statement that they understand the guidelines prior to the student's participating.
2. After the first violation, the student will be seen by the Supervisor of Athletics and will be assigned to a staff member who will conduct a mandatory five session education/early intervention group that will address the effects of abuse of mind-altering chemicals and their personal use patterns.
 - The student and parents will have at least one (1) mandatory meeting with the assigned professional staff member **prior to the student's resuming any extracurricular** or interscholastic activity. Following the four (4) week suspension from all activities, the student must apply to the Discipline Review Board for reinstatement.
 - After the second violation, the student will be referred to a community agency for assessment of substance abuse. Furthermore, before the student is readmitted to activities, he/she shall show evidence in writing that he/she has gone for assessment, is receiving counseling, and is physically and mentally fit to return to participation as certified by a physician.

The rules and regulations in this policy shall apply to any violators, on and off school premises, during the season of participation.

Appeal to the Superintendent and the Board of Education

1. Recognizing that all students are entitled to "due process" and that mitigating factors may be involved, any student has the prerogative of requesting an appeal.
2. Pursuant to any unfavorable decision by the Discipline Committee, the student may request, in writing, his case be reviewed by the Superintendent of Schools and responded to within 5 school days.
3. Pursuant to an unfavorable decision by the Superintendent of Schools, the student may request, in writing, a review by the Board of Education and responded to within 5 school days of the regularly scheduled meeting when the case was reviewed.
4. Pursuant to an unfavorable decision by the Board of Education, the student may request, in writing, to have his or her case heard before the New Jersey State Commissioner of Education within 10 days.

CONCUSSION IDENTIFICATION MANAGEMENT

- Please note allowing a student athlete to return to play before recovering from a concussion increases the chance of more serious brain injury that can result in sever disability and/or death.
- The athlete does not need to lose consciousness to sustain a concussion. A student athlete who is suspected of sustaining or who has sustained a concussion and/or has become unconscious during an athletic event shall not return to play until he meets all of the following criteria:
 1. Immediate removal from play and no return to play that day
 2. Medical evaluation to determine the presence/absence of concussion.
 3. Complete a symptom free week initiated on the first asymptomatic day before Initiating a graduated return to play exercise protocol.
 4. Any re-emergence of any post-concussion signs or symptoms once they return to play they will be removed from exertion maneuvers and return to physician for re-evaluation.

We believe that the weight training we do is an integral part of our athletic programs and the health and fitness of our student-athletes.

NJSIAA'S STEROID TESTING POLICY

- In accordance with Executive Order 72, issued by the former Governor of the State of New Jersey, Richard J. Codey, on December 20, 2005, the NJSIAA will test a random selection of student athletes, who have qualified, as individuals or as members of a team, for state championship competition.

SOUTHERN REGIONAL SCHOOL ATHLETIC DEPARTMENT

POLICY and GUIDANCE for TREATMENT of SPORTS-RELATED CONCUSSIONS and HEAD INJURIES

The following is a graduated return to competition and practice protocol for student athletes that have suffered a concussion or head injury during athletic competition. This New Jersey State mandated protocol will be followed by all athletes, coaches and parents when an athlete is cleared by their medical doctor to return to competition. Athletes and Parents will sign the form after the clearance note has been handed in to the Athletic office. Thank you!

Graduated Return to Competition and Practice Protocol

- Complete physical, cognitive, emotional and social rest is advised while the student-athlete is experiencing symptoms and signs of a sports-related concussion or other head injury. (Minimize mental exertion, limiting over stimulation, multi-tasking, etc.) After written medical clearance is given by a physician trained in the evaluation and management of concussions stating that the student-athlete is asymptomatic at rest, the student-athlete may begin a graduated individualized return-to-play protocol supervised by a licensed athletic trainer, school/team physician or in cases where the afore mentioned are not available a physician or licensed health care provider trained in the evaluation and management of sports-related concussion. The following steps should be followed:

Completion of a full day of normal cognitive activities (school day, studying for tests, watching practice, interacting with peers) without re-emergence of any signs or symptoms. If no return of symptoms, next day advance to:

Light aerobic exercise, which includes walking, swimming, or stationary cycling, keeping the intensity < 70% maximum percentage heart rate: no resistance training. The objective of this step is increased heart rate. If no return of symptoms, next day advance to:

Sport-specific exercise including skating, and/or running; no head impact activities. The objective of this step is to add movement and continue to increase heart rate. If no return of symptoms, next day advance to:

Non-contact training drills (e.g., passing drills). The student-athlete may initiate progressive resistance training. If no return of symptoms, next day advance to:

Following medical clearance (consultation between school health care personnel, i.e. Licensed Athletic Trainer, School/Team Physician, School Nurse and student-athlete's physician), participation in normal training activities. The objective of this step is to restore confidence and to assess functional skills by the coaching staff. If no return of symptoms, next day advance to:

Return to play involving normal exertion or game activity.

- In the absence of daily testing by knowledgeable school district staff (i.e. Licensed Athletic Trainer, School/Team Physician) to clear a student-athlete to begin the graduated return-to-play protocol a student-athlete should observe a 7 day rest/recovery period before commencing the protocol. Younger student (K-8) should observe the 7 day rest/recovery period (after they are symptom free at rest) prior to initiating the graduated return-to-play protocol. A physician trained in the evaluation and management of concussion as well as the parents/guardians of the student-athlete shall monitor the student-athlete in the absence of knowledgeable school district staff (i.e., Athletic Trainer, School/Team Physician). School Nurses may serve as an advocate for student-athletes in communicating signs and symptoms to physicians and parents/guardians.
- If the student athlete exhibits a re-emergence of any concussion signs or symptoms once they return to physical activity, he/she will be removed from further exertional activities and returned to his/her school/team physician or primary care physician. If concussion symptoms reoccur during the graduated return-to-play protocol, the student athlete will return to the previous level of activity that caused no symptoms.

Sudden death in young athletes between the ages of 10 and 19 is very rare. What, if anything, can be done to prevent this kind of tragedy?

What is sudden cardiac death in the young athlete?

Sudden cardiac death is the result of an unexpected failure of proper heart function, usually (about 60% of the time) during or immediately after exercise without trauma. Since the heart stops pumping adequately, the athlete quickly collapses, loses consciousness, and ultimately dies unless normal heart rhythm is restored using an automated external defibrillator (AED).

How common is sudden death in young athletes?

Sudden cardiac death in young athletes is very rare. About 100 such deaths are reported in the United States per year. The chance of sudden death occurring to any individual high school athlete is about one in 200,000 per year.

Sudden cardiac death is more common: in males than in females; in football and basketball than in other sports; and in African-Americans than in other races and ethnic groups.

What are the most common causes?

Research suggests that the main cause is a loss of proper heart rhythm, causing the heart to quiver instead of pumping blood to the brain and body. This is called "ventricular fibrillation (ven-TRICK-you-lar fib-roo-LAY-shun). The problem is usually caused by one of several cardiovascular abnormalities and electrical diseases of the heart that go unnoticed in healthy-appearing athletes.

The most common cause of sudden death in an athlete is hypertrophic cardiomyopathy (hi-per-TRO-fic CAR-dee-oh-my-OP-a-ti-tee) also called HCM. HCM is a disease of the heart with abnormal thickening of the heart muscle, which can cause serious heart rhythm problems and blockages to blood flow. This genetic disease runs in families and usually develops gradually over many years.

The second most likely cause is congenital (con-JEN-it-al) (i.e., present from birth) abnormalities of the coronary arteries. This means that these blood vessels are connected to the main blood vessel of the heart in an abnormal way. This differs from blockages that may occur when people get older (commonly called "coronary artery disease," which may lead to a heart attack).

General prohibition against performance enhancing drugs:

1. It shall be considered a violation of the NJSIAA's sportsmanship rule for any student-athlete to possess, ingest, or otherwise use any substance on the list of banned substances, without written prescription by a fully licensed physician, as recognized by the American Medical Association, to treat a medical condition.
2. Violations found as a result of NJSIAA's testing shall be penalized in accordance with this policy.
3. Violations found as a result of member school testing shall be penalized in accordance with the school's policy.

List of banned substances:

- A list of banned substances shall be prepared annually by the Medical Advisory Committee, and approved by the Executive Committee. List is available in this handbook.

Consent form:

- Before participating in interscholastic sports, the student-athlete and the student-athlete's parent or guardian shall consent, in writing, to random testing in accordance with this policy. Failure to sign the consent form renders the student-athlete ineligible.

Selection of athletes to be tested:

1. Tested athletes will be selected randomly from all of those athletes participating in championship competition.
2. Sixty percent of all tests shall be from football, wrestling, track & field, swimming, lacrosse and baseball. The remaining forty percent of all tests shall be from all other NJSIAA sports.

Administration of tests:

- Tests shall be administered by a certified laboratory, selected by the Executive Director and approved by the Executive Committee.

Testing methodology:

- The methodology for taking and handling samples shall be in accordance with current legal standards.

Sufficiency of results:

- No test shall be considered a positive result unless the approved laboratory reports a positive result, and the NJSIAA's medical review officer confirms that there was no medical reason for the positive result. A "B" sample shall be available in the event of an appeal.

Appeal process:

- If the certified laboratory reports that a student-athlete's sample has tested positive, and the medical review officer confirms that there is no medical reason for a positive result, a penalty shall be imposed unless the student-athlete proves, by a preponderance of the evidence, that he or she bears no fault or negligence for the violation. Appeals shall be heard by a NJSIAA committee consisting of two members of the Executive Committee, the Executive Director/designee, a trainer and a physician. Appeal of a decision of the Committee shall be to the Commissioner of Education, for public school athletes, and to the superior court, for non-public athletes. Hearings shall be held in accordance with NJSIAA By-Laws, Article XIII, "Hearing Procedure."

Penalties

- Any person who tests positively in an NJSIAA administered test, or any person who refuses to provide a testing sample, or any person who reports his or her own violation, shall immediately forfeit his or her eligibility to participate in NJSIAA competition for a period of one year from the date of the test. Any such person shall also forfeit any individual honor earned while in violation. No person who tests positive, refuses to provide a test sample, or who reports his or her own violation shall resume eligibility until he or she has undergone counseling and produced a negative test result.

Confidentiality:

- Results of all tests shall be considered confidential and shall only be disclosed to the individual, his or her parents and his or her school.

Compilation of results:

- The Executive Committee shall annually compile and report the results of the testing program.

Yearly renewal of the steroid policy:

- The Executive Committee shall annually determine whether this policy shall be renewed or discontinued.

Uniforms

- As a rule, the school district will provide the equipment and uniforms for game competition. Shoes and practice clothing are usually the responsibility of the athletes. Athletes and parents should communicate with the coaches to be sure all athletes are attired appropriately. All uniforms and equipment must be returned at the end of the sports season

Security

- While every attempt is made to provide proper security in the locker room area, it is impossible to reduce all thefts. The athletes are urged to lock up all belongings at all times and are discouraged from bringing valuables into the locker rooms.

Awards

- Awards granted for participating in interscholastic athletics are approved by the Board of Education. The awards are symbolic in nature, consisting of letters, pins, trophies, plaques or jackets. The coaches have the responsibility of establishing criteria for the awarding of all letters and awards. We are in the process of changing the varsity letter to a plain block solid S.

STERIODS and PERFORMANCE ENHANCERS - NO TOLERANCE.

The Southern Regional School District feels just as strongly about steroids and other performance enhancing drugs as it does with any other illegal substances. All head and assistant coaches are to be vigilant for any sign that any use of this type might be occurring among our athletes. It behooves all coaches to become educated in their use through reading, seminars, and discussions with knowledgeable sources. Any sus-

pected drug usage should immediately be dealt with by bringing it to the attention of the director of athletics and appropriate school administration.

Specific Sport Regulations

Note 1: A week is defined as from 12:01 A.M. Sunday to Saturday midnight.

Note 2: A regularly scheduled game is one which has been contracted by mutual consent of the participating schools and approved by their respective Boards of Education and by the schools' Principals.

Note 3: Member schools may schedule games or scrimmages with any school accredited by its regional accrediting agency and having athletic eligibility standards similar to the New Jersey State Interscholastic Athletic Association. Member schools may schedule regular season games or scrimmages with non-member schools, or with member schools of the New Jersey Association of Independent Schools; however, in such case, any waiver of the NJSIAA eligibility rules must be agreed upon and set forth in the contract. Under this section, competition is limited to teams (or individuals) whose participation are in the first year of post-high school matriculation. Waiver of NJSIAA eligibility rules will not be granted for sanctioned tournaments.

- Member schools may not compete in "club" teams. Competition is not permitted with teams composed of post-high school students (private schools, junior colleges, colleges) whose participants are beyond the first year of post-high school matriculation or are beyond the first year since graduating from high school. All Independent School holding memberships (NJSIAA and NJISAA) must adhere to all regulations provided for by the NJSIAA Constitution, Bylaws and Rules and Regulations and they may not be waived.
- A school is permitted to sponsor only one team at the varsity level. A and B teams at the varsity level are not permitted in any sports.

Note 4:

A. Any student-athlete or coach disqualified before, during or after an interscholastic event for unsportsmanlike and flagrant verbal or physical misconduct will be disqualified from the next two (2) regularly scheduled game (s)/ meet (s), with the exception of football which will carry a one (1) game disqualification, at that level of competition and all other game (s) (s) / meet (s) in the interim at any level in addition to any other penalties which the NJSIAA or a league /conference may assess.

- Once a coach / player has been disqualified, NO appeals will be honored from the player, coach, official or any other party. Disqualification is a judgment call and officials must be certain the act warrants disqualification. All complaints against an official must be directed to the official's Chapter Secretary and the NJSIAA.
- Scrimmages are not considered part of the disqualification rule.
- The National Federation Rules do not permit a wrestler to continue to participate in a tournament if there is a flagrant disqualification. The NJSIAA rule requires a two match sit-out. Even though the wrestler is not permitted to wrestle in the remainder of that tournament, said wrestler may fulfill the two-match disqualification, provided his team continues to wrestle in scheduled events.
- See page 93 NJSIAA Handbook on website www.njsiaa.org

- B. A disqualified player or coach may not be present at any contest in that sport during the period of disqualification. Definition of not being present at the same site means the disqualified player or coach is not to be present in the locker room, on the bus, on the sidelines, in the stands or site area before, during or after the game/meet.
- ⇒ In the team sports any player/coach in violation of this provision will be cause for forfeiture of those games during the period of disqualification.
 - ⇒ In individual sports the event or events in which the player previously participated while having be disqualified will be forfeited. The team will lose the highest points awarded in each event noted herein.
- C. Should a coach/player be disqualified from the final game/meet of the season, said disqualification will carry over to the next year in that sport. In the case of the Student-Athlete, the same degree of penalty shall apply if said athlete retains eligibility in that sport.
- D. Any player/coach disqualified a second time in single or multiple sports will have the penalty doubled (i.e. in football—disqualified for two (2) games; all other sports — four (4) games). Disqualifications will count for 365 days from the first disqualification.
- E. Any player with two or more disqualifications in the current season, prior to the start of an NJSIAA tournament, will be ineligible to compete in said tournament.
- F. Any varsity team accumulating three or more player or coach disqualifications for flagrant unsportsmanlike conduct prior to the start of an NJSIAA tournament will not be permitted to participate in same. Seeded teams will forfeit their right to compete if a disqualification limit is reached prior to the start of the tournament for the team.
- G. Single/multiple sports — on the third offense; players disqualified will be suspended indefinitely, and must apply in writing, to the NJSIAA through the office of their Principal for reinstatement. Disqualifications will count for 365 days from the date of the first disqualifications.
- H. Any coach disqualified a second time with 365 days from the date of the first disqualification will be required to appear before the Controversies Committee with the Principal and the Athletic Director.
- I. Any coach who is disqualified during the preceding school year must attend a Compliance Meeting conducted by the NJSIAA. Any coach who has three or more players on a team

*Official Practice Days begin to count on August 7, 2017 (football only). If school board policy does not permit Sunday practices, then the “First Scrimmage” is August 14, 2017.

Reminder to follow the Heat Acclimatization Procedures which may begin before August 7, 2017, if school approval is obtained to start official school practice before August 7.

The three days from the Monday before Thanksgiving up to Thanksgiving Day do not count towards the six days of practice required before scrimmages may occur. No practice is permitted for the four-day period from Thanksgiving Day to the Monday after Thanksgiving. The Monday after Thanksgiving will start as Day 1 of the pre-season count. This 3-day practice period may be used for tryout purposes only.

Ice Hockey and Swimming – November 6th

Bowling – November 15th

All other winter sports – November 27th

3. Spring – March 2nd for all spring sports.

Section 7 Practices/Scrimmages/Games/Meets

A student shall not be permitted to participate in a scrimmage or a game (interschool) in any strenuous sport until he/she has completed **six days of practice in that sport**, (days of 24 hours, not sessions). Practices during the Summer Recess prior to the official opening of the Sports Season cannot be counted to fulfill this requirement. The above restriction will be waived for Student-Athletes who are members of a team participating in competition after the start of the next season provided the athlete becomes a practicing member within three (3) practice days.

CL 1: Summer Recess practices do not count for “six-day” interschool scrimmage or game provisions. Only those practices from the official opening of the Sports Season may be counted to fulfill this requirement.

CL 2: Sunday practices may be counted only if approved by the local Board of Education.

CL 3: A practice is defined as a session where a team is assembled and involved in physical activity to enhance the participant’s physical condition. Practices of any kind for individuals, partial or entire teams, on days when the team is involved in interscholastic scrimmages or games-meets will not count toward satisfying the six (6) day rule.

CL 4: It is a local option for schools to permit ineligible students to practice or compete in interscholastic scrimmages. An ineligible student may not participate in an interscholastic regular season contest or scrimmage. Such practices will count to satisfy the six (6) day practice rule. The above is applicable provided the school meets the medical examination and parental permission as required by the State Board of Education.

Interscholastic scrimmages, excluding baseball, tennis, softball and golf, are to be limited to the number of games, meets, or matches permitted in the sport during the regular season. The rule regarding numbers of contests on consecutive days will be enforced.

No more than four (4) schools shall be permitted to take part in a joint interschool scrimmage.

CL 1: Scrimmages during the regular season count toward the allowable number of games.

CL 2: The host school may not invite any more than three (3) schools to participate in a scrimmage at its site(s).

No scrimmages shall be permitted after the “End of Season” as defined in Program Regulations, Section 10.

Definitions:

“Interscholastic scrimmages” are provided as an opportunity to experience controlled game conditions for both coaches and players. A scrimmage must provide for voluntary interruption of the “scrimmage game” for instructional purposes, must not have recorded scoring, results, spectator admission must be on a complimentary basis only, and the event cannot be conducted in such a manner as to advance a team or individual to another level of scrimmage competition.

CL 1: Whenever team(s) or individual(s) from two or more schools practice at the same site, it will be designated as a scrimmage unless some extraordinary circumstance has been approved by the NJSIAA.

“Regular season games” are those games, meets, or matches that are not statewide championship playoff contests. “Playoff games” are those games, meets, or matches that comprise the Statewide Championship Tournament. Regular season games include conference games, non-conference games, and games played at tournaments and invitationals. Regular season games count toward the total number of games in which a school can participate during a sports season.

Bowling	–	US Bowling Congress
Fencing	–	United States Fencing Association
Golf	–	USGA
Girls Lacrosse	–	United States Women's Lacrosse Association
Skiing	–	NCAA
Tennis	–	USTA

Rules indicated will govern all sports unless modified by NJSIAA.

Section 10 End of Season

All teams may participate in interscholastic contests up to the final championship in their respective sports. Equipment should be stored and practice terminated for the out-of-season period upon completion of the schedule. Individual competition shall terminate with the end of said competition.

Section 11 Summer Recess

Practice – That period from the last NJSIAA scheduled championship to September 1st, all restrictions are rescinded for practice for all sports. Schools may issue any and all equipment for practice use during the summer recess and the local school district may determine to what extent the school, the coaches, and the students are to be involved in the “summer recess” program.

Games/Scrimmages – Interscholastic competition is not permitted outside of the dates provided for in Program Regulations, Sections 7, 8 and 10; therefore, a school may not sponsor a team/individual, pay entry fees, provide transportation, or in any way have a team/individual represent their school outside of the seasonal datelines for that sport in competition against other schools. School equipment may be provided. A coach/team or -Student-Athlete may not be sponsored or supported by a school or school-related group (example: Booster Club) when team-interscholastic or individual competition takes place as part of the activity in camps, clinics, recreation programs, independent play, or tournaments.

Scrimmages consistent with the Early Season Opening or Regular Season Opening provisions are permitted.

Non-School Teams – A member of a high school's coaching staff may not be involved in any way with a non-school team on which there are team members who participated on the freshman, junior varsity, or varsity team of the coach's high school team(s) in that sport until the day after the date of the latest scheduled date for NJSIAA Championships in the Spring Sports Season.

Section 12 Alumni Games

Alumni games count as part of the schedule in all sports, but they may not be included when submitting records for tournament consideration.

Section 13 Tournament Entry

Member schools are to download the appropriate entry forms from www.njsiaa.org for state tournament competition. Tournament regulations will be posted no earlier than four weeks before the tournament date. **NO entries or Tournament Refusal Forms** which are postmarked after the cut-off date will be accepted unless accompanied by a late fee established by the NJSIAA.

CL 1: A late fee charge of \$50.00, when a school's game or meet schedule or tournament entry form is late (beyond the established deadlines but prior to the pairings, seeding or heat meeting), is to be paid before the contestant or team is allowed to participate. If the entry is received after the seeding but prior to the first game of the tournament, an administrative fee of \$150 will be assessed the school.

Section 14 Video Taping and Filming

Electronic Communication equipment, including but not limited to computer, film television and video tape is permissible according to the NFHS rules for the sport in question. Videotaping of scrimmages is a local option. No video or audio recording may be used to review or challenge the decision of a sports official.

Section 15 Maximum Games-Waiver

A waiver of the maximum game limitation is granted in all sports, except football, only when one additional game is needed to decide a county, conference or tournament championship.

Section 16 Withdrawal/NJSIAA Tournaments

Any member school and/or Student-Athlete withdrawing from competition after having officially entered an NJSIAA tournament in any sport will be disqualified from all remaining NJSIAA tournament competition in that sport in that season and barred from participating in NJSIAA tournament competition in that sport during the next school year unless truly extraordinary circumstances were present.

Section 17 Withdrawal/Infectious Diseases

School administrators should rely solely upon the advice of the school's medical inspector in determining the action to withdraw a team from competition when a member is diagnosed as having an infectious disease.

Section 18 70% State Competition Rule

All NJSIAA tournament team entry forms must reflect competition to no less than 70% with New Jersey schools. If a team does not meet the criteria by the cut-off date, with the exception of football which will be based on a 10-game schedule throughout the season, it will forfeit its entry into the NJSIAA tournament.

Section 19 Specific Sports Regulations Penalties

To promote fairness in competition and the health and safety of student athletes, no NJSIAA member school will be eligible to participate in any NJSIAA Championship Tournament if it has violated the Specific Sports Regulations for the sport, involving the start of practice, the start and ending of the sport season and the maximum contests permitted during the regular season. The application of this standard is non-appealable.

SPECIFIC SPORT REGULATIONS

Notes:

1. A week is defined as from 12:01 A.M. Sunday to Saturday midnight.
2. A regularly scheduled game is one which has been contracted by mutual consent of the participating schools and approved by their respective Boards of Education and by the schools' Principals.

3. Member schools may schedule games or scrimmages with any school accredited by its regional accrediting agency and having athletic eligibility standards similar to the New Jersey State Interscholastic Athletic Association. Member schools may schedule regular season games or scrimmages with non-member schools, or with member schools of the New Jersey Association of Independent Schools; however, in such case, any waiver of the NJSIAA eligibility rules must be agreed upon and set forth in the contract. Under this section, competition is limited to teams (or individuals) whose participants are in the first year of post-high school matriculation. Waiver of NJSIAA eligibility rules will not be granted for sanctioned tournaments.

CL 1: Member schools may not compete with "club" teams. Competition is not permitted with teams composed of post-high school students (private schools, junior colleges, colleges) whose participants are beyond the first year of post-high matriculation or are beyond the first year since graduating from high school. All Independent Schools holding dual membership (NJSIAA and NJISAA) must adhere to all regulations provided for by the NJSIAA Constitution, Bylaws and Rules and Regulations and they may not be waived.

CL 2: A school is permitted to sponsor only one team at the varsity level. A and B teams at the varsity level are not permitted in any sports.

4. Disqualification

- a. Any Student-Athlete or coach disqualified before, during or after an interscholastic event for unsportsmanlike and flagrant verbal or physical misconduct will be disqualified from the next two (2) regularly scheduled games/meets, with the exception of football which will carry a one (1) game disqualification, at that level of competition and all other game(s)/meet(s) in the interim at any level in addition to any other penalties which the NJSIAA or a league/conference may assess.

CL 1: Once a coach/player has been disqualified, NO appeals will be honored from the player, coach, official or any other party. Disqualification is a judgement call and officials must be certain the act warrants disqualification. All complaints against an official must be directed to the official's Chapter Secretary and the NJSIAA.

CL 2: Scrimmages are not considered part of the disqualification rule.

CL 3: The National Federation Rules do not permit a wrestler to continue to participate in a tournament if there is a flagrant disqualification. The NJSIAA rule requires a two-match sit-out. Even though the wrestler is not permitted to wrestle in the remainder of that tournament, said wrestler may fulfill the two-match disqualification, provided his team continues to wrestle in scheduled events.

CL 4: A second disqualification for an individual in any game/meet/match supersedes NFHS rules in this regard.

- b. A disqualified player or coach may not be present at any contest in that sport during the period of disqualification. Definition of not being present at the site means the disqualified player or coach is not to be present in the locker room, on the bus, on the sidelines, in the stands or site area before, during or after the game/meet.

1. In team sports any player/coach in violation of this provision will be cause for forfeiture of those games during the period of disqualification.
 2. In individual sports the event or events in which the player previously participated while having been disqualified will be forfeited. The team will lose the highest points awarded in each event noted herein.
- c. Should a coach/player be disqualified from the final game/meet of the season, said disqualification will carry over to the next year in that sport. In the case of the Student-Athlete, the same degree of penalty shall apply if said athlete retains eligibility in that sport.
 - d. Any player/coach disqualified a second time in single or multiple sports will have the penalty doubled (i.e., in football – disqualified for two (2) games; all other sports – four (4) games). Disqualifications will count for 365 days from the date of the first disqualification.
 - e. Any player with two or more disqualifications in the current season, prior to the start of an NJSIAA tournament, will be ineligible to compete in said tournament.
 - f. Any varsity team accumulating three or more player or coach disqualifications for flagrant unsportsmanlike conduct prior to the team's participation in an NJSIAA tournament will not be permitted to participate in same. Seeded teams will forfeit their right to compete if a disqualification limit is reached prior to the start of the tournament for the team.
 - g. Single/multiple sports – on the third offense; players disqualified will be suspended indefinitely, and must apply, in writing, to the NJSIAA through the office of their Principal for reinstatement. Disqualifications will count for 365 days from the date of the first disqualification.
 - h. Any coach disqualified a second time within 365 days from the date of the first disqualification will be required to appear before the Controversies Committee with the Principal and the Athletic Director.
 - i. Any coach who is disqualified and/or has three or more players on a team disqualified during the course of the preceding school year must complete the NFHS Teaching and Modeling Behavior course. This course license must be obtained from NJSIAA with the course completion certificate due to NJSIAA within sixty (60) days of initial NJSIAA notification of the disqualification requirement.

CL 1: Coaches/players who do not fulfill their penalty in a sport at their present school will be disqualified for the same length of time in their subsequent coaching assignment/sport participation at another school.

CL 2: Seniors who are disqualified from their last game or next to last game will serve the penalty in a subsequent sports season according to the penalty provision of that subsequent sport. When seniors are disqualified from their last game of their high school careers, and are unable to fulfill the penalty, member schools are required to take proper administrative action to discipline the offending student.

CL 3: Seniors who quit a sport and have not fulfilled their penalty in that sport, must serve it in the new sport before beginning playing in the new sport.

disqualified during the course of the preceding school year must attend a Compliance Meeting conducted by the NJSIAA. Any coach disqualified who has three (3) or more players disqualified during the course of the preceding school year, must attend along with his/her athletic director, a Compliance Meeting conducted by the NJSIAA. Page 94 of the NJSIAA Handbook.

- Coaches/players who do not fulfill their penalty in a sport at their present school will be disqualified for the same length of time in their subsequent coaching assignment/sport participation at another school.
- Seniors who are disqualified from their last game or next to last game will serve their penalty in a subsequent sports season according to the penalty provision of that subsequent sport. Article V, Section 4E

1. To be eligible for athletic competition during the first semester (September 1 to January 31) of the 10th grade or higher, or the second year of attendance in the secondary school or beyond, a pupil must have passed 25% of the credits (30) required by the State of New Jersey for graduation (120), during the immediately preceding academic year.
2. To be eligible for athletic competition during the second semester (Feb. 1 to June 30) of the 9th grade or higher, a pupil must have passed the equivalent of 12.5% of the credits (15) required by New Jersey for graduation (120) at the close of the preceding semester (Jan. 31). Full– year courses shall be equated as 1/2 of the total credits to be gained for the full year to determine credits passed during the immediately preceding semester.

The Fundamentals of Sportsmanship

The NJSIAA and its member schools are emphasizing the Importance of GOOD SPORTSMANSHIP. Hopefully, the following will help everyone to understand his/her responsibilities at athletic contests.

- ◆ Gain an understanding and appreciation for the rules of the contest. To be well informed is essential. All involved must know the rules. Uniformed individuals should refrain from expressing opinions of officials, coaches, and administration decisions. The spirit of GOOD SPORTSMANSHIP depends on conforming both to a rule's intent and to the letter of the given rule.
- ◆ Exercise representative behavior AT ALL TIMES. A prerequisite to GOOD SPORTSMANSHIP requires one to Understand his/her behavior. The true value of interscholastic competition relies upon everyone exhibiting behavior which is representative of a sound value base. A proper perspective must be maintained if the educational values are to be realized. An individual's behavior influences others whether or not that person is aware of it.
- ◆ Recognize and appreciate strongly skilled performance regardless of affiliation. Applause for an opponent's good performance displays generosity. It is a courtesy that should be regularly practiced. This not only represents GOOD SPORTSMANSHIP but also reflects a true awareness of the game by recognizing and acknowledging quality.
- ◆ Exhibits respect for the officials. The officials of any contest are impartial arbitrators who are trained and who perform to the best of their ability. Players should not rationalize their own unsuccessful performances by placing responsibility on an official. The rule of GOOD SPORTSMANSHIP is to accept and abide by the decision made.
- ◆ Display openly a respect for the opponent at all times. Opponents are guests and should be treated cordially, provided with the best accommodations, and accorded tolerance at all times. Each person needs to be a positive representative for his/her team, school, and family. This is the Golden Rule in actions.
- ◆ Display pride in your actions at every opportunity. Each individual must never allow his/her ego to interfere with good judgment and his/her responsibility as a school representative. This is paramount since it suggests that the person cares about him/herself and how others perceive him/her.
- ◆ These are high school athletes who are performing. They are friendly rivals as members of opposing teams. They are not enemies. This basically, is the theme of interscholastic athletics, the idea of friendly competition. The visiting team is a guest of the home team. They are expected to be so regarded and treated. The officials are men or women who, by agreement between competing teams, are assigned to administer the rules of the game. Their experience and their integrity qualify them for their part in this friendly interscholastic contest. All spectators, too, should reflect this attitude of sportsmanship no matter what their personal feeling of loyalty may be to one or the other of the teams in each contest.

Parents Code of Conduct

- ◆ We feel that as parents we play a vital role in the development of our student athletes. Therefore, we believe that we should:
- ◆ Be a positive role model through our own actions to make sure our child has the best athletic experience possible.
- ◆ Be a “team” fan, not a “my kid” fan.
- ◆ Weigh what our children say; they will tend to slant the truth to their advantage.
- ◆ Show respect for the opposing players, coaches, spectators, and support groups.
- ◆ Be respectful of all officials’ decisions.
- ◆ Please do not instruct your children before or after a game, because it may conflict with the coach’s plans and strategies.
- ◆ Praise the student-athletes in their attempt to improve themselves as students. as athletes, and as people.
- ◆ Gain an understanding and appreciation for the rules of the contest.
- ◆ Recognize and show appreciation for an outstanding play by either team.
- ◆ Help our children learn that success is oriented in the development of a skill, and we should make the student-athletes feel good about themselves, win or lose.
- ◆ Take time to talk with the coaches in an appropriate manner including proper time and place.
- ◆ Be sure to follow the designated chain of command.
- ◆ Reinforce the school’s drug and alcohol free policies by refraining from the use of an controlled substances before and during athletic contests.
- ◆ Remember that a ticket to a school athletic event is a privilege to observe the contest.
- ◆ National High School Coaches Association

CLASS

What exactly is class? It's one of those valuable, intangible, "personal traits that's in high demand because it's so rare. Most people, unfortunately, do not have it. Class is being a good person, showing good sportsmanship, always taking responsibility for the consequences of your actions and being considerate to others. You have class if you show pride, have humility, poise, and display self-confidence without being arrogant.

Class athletes handle victory and defeat in the same way – graciously, with their heads held high. They don't brag in victory, or make excuses in defeat. They accept the thrill of victory and the agony of defeat. They accept the thrill of victory and the agony of defeat in stride. They always praise their opponent for a job well done, and they admit their mistakes.

Class always shows, whether you win or you lose. People can tell instantly if you have class by watching you perform and interact with others. If you have class, you don't need much of anything else to be a winner. If you don't have it, whatever else you have won't make up the difference.

Fame, fortune, trophies and glory are all fine, but they alone won't give you class. Only you can give yourself class.

“The Pursuit of Excellence”

PASSION FOR EXCELLENCE

Alma Mater

Lyrics by Jo Ann White – Class of 1959
Music by Mr. Robert Claren

*To our Alma Mater
We pledge our hearts and souls:
For Southern Regional High School
May we strive to reach your goals.*

*Your truth, your joy, your wisdom,
Closely we shall hold;
Proudly waves the banner
Southern’s black and gold*

*And when we make decisions,
In happiness or strife;
May your spirit ever guide us
As we walk the roads of life.*

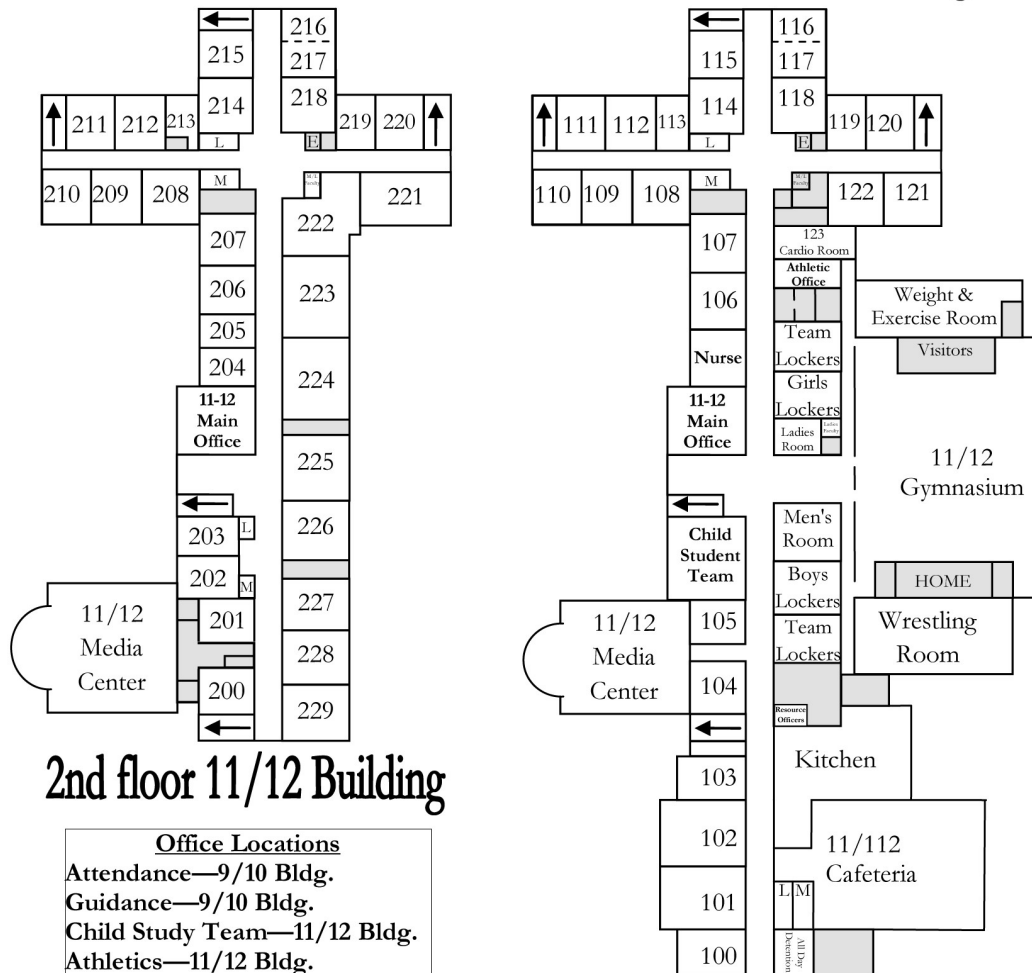

“RAM IT”

Excellence

***“Show class, have PRIDE, and display character, if you do,
Winning takes care of itself.”
Paul Bryant***
