Southern Regional Ice Hockey Parents' Association

Welcome to Your Banquet

When I think about the past two seasons, I think about the mothers and the two grandmothers I have been closest to in our efforts to support this team. I think about the coaches. I think about Jack and his Senior teammates. I think about the years ahead and I think about how fortunate everyone here tonight is to be in the extended family of this school and this hockey team.

I have never been a mother or a grandmother. Bianca, Heather, Debbie and Cindy—aka. My Hockey Chicks—in addition to being the real force behind this Parents Association, are to my mind role models that will make this generation of kids turn out just fine. Grandmothers Jane Constantino, aka Nana, and Kathryn Conrad, aka Amma, are to my mind a template from which future hockey grandmothers should be produced.

I have never been a coach. Coaching can be extremely challenging and is hard work. Coaches have to plan, teach, encourage, command respect and give respect at the same time. Coaching is an awesome responsibility and in large measure, it's all about others. Sometimes a coach has to make unpopular decisions and sometimes they have to deal with failure. Sometimes it's a lonely job. But while the coaches of this hockey team have experienced and accomplished all of these things, they have also given this team their very best efforts and they have given their love—love of their school, love of the sport and love to each of their players.

You will remember this team for a very long time. You will remember how everyone got along. You will remember the wins, you will remember some of the losses. You will remember your uniform, your number, the bus rides and the after game dinners. You will remember the cheers and craziness of the kids that came to watch you play. But right up there in memory lane will be the memory of Coach Hayes, Coach Mike, Coach Waz and Coach Joe. So tonight you might want to give each of them a fist bump, a handshake or a hug and say "Thanks in advance for the memories."

Southern Regional Ice Hockey Parents' Association

I have never been a sports writer, so I can do no better than to quote Chris Rotolo of The Asbury Park Press when on February 24th he wrote:

"...but it (the playoff loss to Princeton) can't take anything away from the legacy left behind by a senior class that has done nothing but win in its four years in the black and gold."

" During this four year stretch there have been several state tournament victories – a pair of Class A South division championships – and the first Shore Conference Tournament Cup title in the Dowd Cup finals."

" It's quite a resume, and what's more, it will be the lasting memory of this graduating class long after the pain from this overtime loss fades." - Chris Rotolo

" The future of our program is in very good hands with the group we have coming back" - Coach Hayes

Enjoy this evening.

With my very best wishes,

Grove Conrad
